

CSS Gradient Test Page

1 — linear-gradient: Direction & Angle

default (to bottom)
linear-gradient(red, blue)

to top
linear-gradient(to top, red, blue)

to right
linear-gradient(to right, red, blue)

45deg
linear-gradient(45deg, red, blue)

2 — linear-gradient: Multi-Stop & Positions

3 stops
linear-gradient(to right, red, yellow, blue)

abs lengths
linear-gradient(to right, red 0, yellow 40px, blue 80px)

hard stop
linear-gradient(to right, red 0 50%, blue 50 % 100%)

color hint
linear-gradient(to right, red, 30%, blue)

3 — linear-gradient: Alpha Transparency

transparent → color
linear-gradient(to right, rgba(255,0,0,0), red)

color → transparent
linear-gradient(to right, rgba(0,128,255,1), rgba(0,128,255,0))

rgba() 80% opacity
linear-gradient(to right, rgba(255,0,0,0.8), rgba(0,0,255,0.8))

multi-stop alpha
linear-gradient(to right, red, rgba(255,255,0,0.5), rgba(0,0,255,0))

4 — repeating-linear-gradient

stripes 20px
repeating-linear-gradient(to right, red 0 10px, blue 10px 20px)

45deg stripes
repeating-linear-gradient(45deg, red 0 8px, white 8px 16px)

fade repeat
repeating-linear-gradient(to right, red 0, blue 30px)

full span = no repeat
repeating-linear-gradient(to right, red, blue)

5 — radial-gradient: Basic

default (ellipse center)
radial-gradient(red, blue)

circle
radial-gradient(circle, red, blue)

at 25% 25%
radial-gradient(at 25% 25%, red, blue)

circle at 50% 25%
radial-gradient(circle at 50% 25%, yellow, orange, red)

6 — radial-gradient: Size Keywords & Explicit

farthest-corner

radial-gradient(farthest-corner at 30% 30%, red, blue)

closest-side

radial-gradient(closest-side at 30% 30%, red, blue)

farthest-side

radial-gradient(farthest-side at 30% 30%, red, blue)

explicit 30px

radial-gradient(30px at center, red, blue)

7 — radial-gradient: Alpha

transparent center

radial-gradient(rgba(255,0,0,0), rgba(255,0,0,1))

spotlight

radial-gradient(circle, rgba(255,255,255,0.9), rgba(255,255,255,0))

sunset

radial-gradient(circle, #ff7e6, #ff6b35, #1a1a2e)

multi-stop alpha

radial-gradient(circle, rgba(255,0,0,1), rgba(255,255,0,0.5), rgba(0,0,255,0.8))

8 — repeating-radial-gradient

rings

repeating-radial-gradient(circle, red 0 10px, blue 10px 20px)

fade rings

repeating-radial-gradient(circle, red 0, blue 25px)

ellipse rings

repeating-radial-gradient(red 0 8px, white 8px 16px)

with alpha

repeating-radial-gradient(circle, rgba(255,0,0,0.8) 0 10px, rgba(0,0,255,0.8) 10px 20px)

9 — conic-gradient: Basic

default

conic-gradient(red, blue)

3 stops

conic-gradient(red, yellow, blue)

from 90deg

conic-gradient(from 90deg, red, blue)

at 25% 75%

conic-gradient(at 25% 75%, red, green, blue)

10 — conic-gradient: Stop Positions

angle stops

conic-gradient(red 0deg, blue 180deg, green 360deg)

percent stops

conic-gradient(red 0%, blue 50%, green 100%)

hard stop

conic-gradient(red 0 90deg, blue 90deg 180deg, green 180deg 360deg)

pie chart

conic-gradient(#e74c3c 0 25%, #3498db 25% 65%, #2ecc71 65% 100%)

11 — conic-gradient: Alpha & From+At

with alpha

conic-gradient(rgba(255,0,0,0), red)

from 45deg at 30% 70%

conic-gradient(from 45deg at 30% 70%, red, blue)

color wheel

conic-gradient(red, yellow, lime, cyan, blue, magenta, red)

starburst

conic-gradient(gold 0 10%, white 10% 20%, gold 20% 30%, white 30% 40%, gold 40% 50%, white 50% 60%, gold 60% 70%, white 70% 80%, gold 80% 90%, white 90% 100%)

12 — repeating-conic-gradient

60deg tile

repeating-conic-gradient(red 0deg 30deg, blue 30deg 60deg)

from 45deg

repeating-conic-gradient(from 45deg, red 0deg, blue 60deg)

checkerboard-like

repeating-conic-gradient(#000 0 25%, #fff 25% 50%)

narrow slice

repeating-conic-gradient(red 0 5deg, blue 5deg 10deg)

13 — Color Space Interpolation: in oklab

sRGB red→blue

linear-gradient(to right, red, blue)

oklab red→blue

linear-gradient(in oklab to right, red, blue)

oklab red→green

linear-gradient(in oklab to right, red, green)

oklab red→yellow→blue

linear-gradient(in oklab to right, red, yellow, blue)

14 — Color Space Interpolation: Polar (HSL, OKLch)

hsl shorter red→blue

linear-gradient(in hsl, red, blue)

hsl longer red→blue

linear-gradient(in hsl longer hue, red, blue)

oklch shorter red→blue

linear-gradient(in oklch, red, blue)

oklch longer red→blue

linear-gradient(in oklch longer hue, red, blue)

15 — Color Space Interpolation: Lab, LCH, sRGB-linear

lab red→blue

linear-gradient(in lab to right, red, blue)

lch red→blue

linear-gradient(in lch to right, red, blue)

srgb-linear red→blue

linear-gradient(in srgb-linear to right, red, blue)

display-p3 red→blue

linear-gradient(in display-p3 to right, red, blue)

16 — Color Space: Radial & Conic

radial oklab

radial-gradient(in oklab circle, red, blue)

radial oklch

radial-gradient(in oklch circle, red, blue)

conic oklab

conic-gradient(in oklab, red, blue)

conic oklch longer

conic-gradient(in oklch longer hue, red, blue)
